Metropolitan College Summer Tuition Policy Change

Effective summer 2010, Metropolitan College participants will be permitted to enroll up to the maximum number of credits allowed by their academic institution (JCTC or UofL) in the summer terms. Students should meet with an academic adviser at their institution to determine the appropriate number of credits for their individual academic plan.

The summer tuition benefit will be limited to the regular per credit hour undergraduate KY resident tuition applicable for the institution in which the student is enrolled (including the JCTC security fee). The commitment for tuition benefit for students at either institution, or for those who are dually enrolled at JCTC and UofL, may not exceed the equivalent of full-time regular undergraduate Kentucky resident tuition at the University of Louisville (including the JCTC security fee).

Prior to summer 2010, MC participants were limited to six credit hours paid by MC/UPS in the summer if they had enrolled full-time in the fall and spring semesters. This change was approved by the Metropolitan College Council in an effort to assist students to attain their academic credentials in a timely manner.
